Le langage des jeunes

Level : proficient/advanced

Discover the use of ‘verlan’, a form of French slang that consists of playing around with syllables, mainly used by young people in France. Within a couple of decades, ‘verlan’ has spread from deprived estates and gained popularity among young people across France. To understand how widespread it is, let’s watch the film “**Entre Les Murs**” by Laurent Cantet (2008) which relates the story of a young high-school teacher who tries to impart the complexities of the French language to a difficult class of teenagers from the Parisian neighbourhood. £40 (or £35 if paid 10 days in advance). **Avec Laurie Dekhissi, PhD student at the University of Exeter.**
